Alumni Association of COEP Technological University (COEP Tech)

S B Joshi and C V Kand Award Committee

NOMINATIONS SOUGHT

Alumni Association of COEP Technological University (COEP Tech), Pune invites nominations for 2022 Awards in field of Bridge Engineering for the S B Joshi Memorial Award in its 28th year and the C V Kand Young Bridge Engineer Award in its 3rd year.

Last Date : 20th November 2022

S. B. Joshi Memorial Award is presented every year to a Structural Engineer having outstanding contribution in the field of Bridge / Structural Engineering. The award is initiated to honor the memory of Late Shri Sitaram Balkrishna Joshi, who was acclaimed with the title 'Father of Bridge Engineering' in India. Shri Joshi graduated from College of Engineering Pune in 1927. Alumni Association of COEP Technological University (COEP Tech), Pune instituted this Award from 1995 and 27 outstanding engineers have been awarded so far. This award is recognition of Life-time dedication and practice in the field of Bridge Engineering. The selection is done by a panel of experts including past nominees after carefully evaluating the work contributions of known bridge designers active in India.

Every successive awardee has helped increase the stature of the award to establish this as a premium award in its category. We welcome nominations for this award.

Dr. C. V. Kand - Young Bridge Engineer Award was instituted by Alumni Association of COEP Technological University (COEP Tech), Pune in the year 2020. Late Dr. C. V. Kand was an acknowledged expert in rehabilitation and lifecycle enhancement of bridges as well as preservation of historical structures. Dr. C. V. Kand graduated from College of Engineering Pune in 1953. Bridge Engineering takes long years of continuous practice. Recognizing this and to encourage the continued journey in bridge engineering, this award shall be given to a young bridge engineer below the age of 45 years. This is the third year of conferring this prestigious award.

Nominations including Self Nominations are invited for this award accompanied by detailed description of work and suitable endorsements and recommendations.

Important Criteria for selection of nominated candidates:

1. He / she should be currently in the field of bridge engineering.
2. He / she should have experience in Design & Construction of Bridges.
3. The experience should be for overall bridges, not for a part or component of bridge
4. Publications and Research papers, case studies by nominee are preferred.
5. He / she should have carried out innovations in design and / or construction
 - ♦ Both the Awards constitute a citation, an award amount of Rs. 25,000/- (Rupees Twenty Five Thousand) and traditional felicitation. Awardees are required to submit an original technical paper to be published in the souvenir. The awardees are given time slot during award ceremony to present their technical paper. Both the award functions are to be held on 17th December, 2022, in Pune
 - ♦ S B Joshi Award is presented by an invited Chief Guest, while the C V Kand Award for Young Bridge Engineer is presented by the S B Joshi Memorial Awardee.

For S B Joshi Memorial Award we request you to send nominations brief contributions of the nominee.

For C V Kand Young Bridge Engineer Award, we request you to send the detailed work contributions, bio-data, contact details, photographs along with recommendations / endorsement of work by senior and established professionals.

The nominations should be received by 20th Nov 2022 for the consideration by the selection committee.
