College of Engineering Pune

(An Autonomous Institute of Govt. of Maharashtra)

IN ASSOCIATION WITH

NVIDIA

presents

LECTURE SERIES

Deep Learning & Neural Networks	System Software & Computer Architecture

Organized by
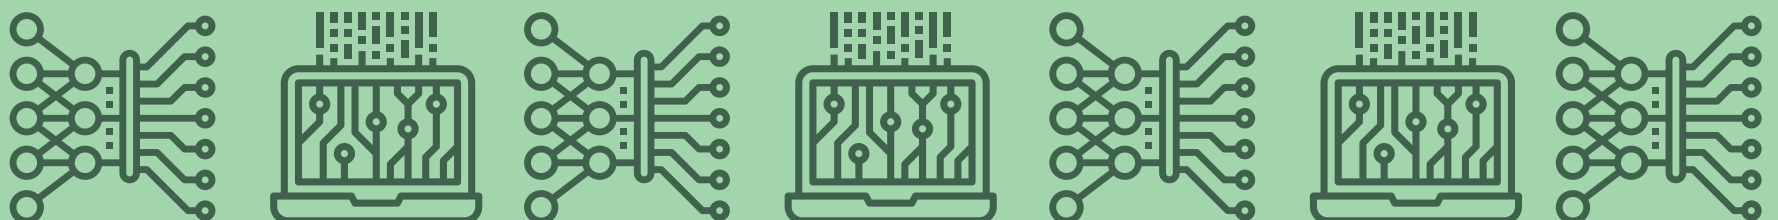

COMPUTER SOCIETY OF INDIA (CSI)

COEP STUDENT CHAPTER

&

## DEPARTMENT OF COMPUTER ENGINEERING

Date - 12 March onwards

Platform - Webex Meetings

https://bit.ly/csi-lecture-series

STRUCTURE

- There are two different tracks in the lecture series
  - Deep Learning & Neural Networks
  - System Software & Computer Architecture

- Industry experts from NVIDIA will be conducting lectures on a weekly basis for 6 weeks.

- TY, BTech and FY MTech Computer students are eligible to register for the lecture series.

- One lecture on each track will be conducted on every Saturday, the link and timings for which will be conveyed via email.

- Certificate will be provided only to the registered students that have attended all lectures of the chosen track.
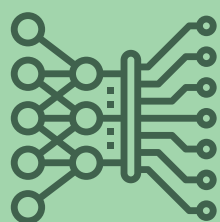

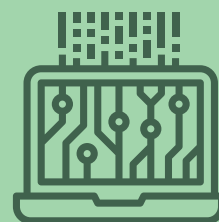

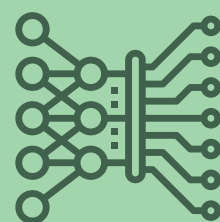

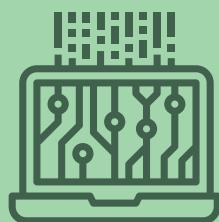

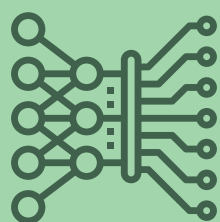

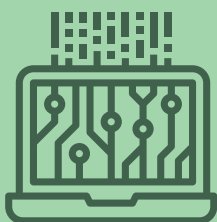

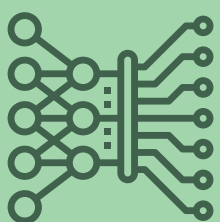

ABOUT COEP

Established in 1854, College of Engineering Pune(COEP) has a glorious history of excellence in engineering education. COEP has witnessed many notable alumni like Bharat Ratna Sir Mr. M Visvesvaraya, Prof. Thomas Kailath and Dr. C. K. N. Patel (both doctorated with covated IEEE Medal of Honor) and scores of others. COEP was granted autonomy in the year 2003. Today, it continues to be a role model for technical institutes of India. The hallmark of COEP is its strong and widespread alumni network, support of the industry and companionship that the institute shares with several foreign universities. COEP is consistently ranked among the top 20 institutes in India.

DEPARTMENT OF COMPUTER ENGINEERING

Established in the year 1992, the Department of Computer Engineering and Information Technology is one of the youngest departments in the institutes. The department is also recognized research centre under University of Pune for its Ph.D. program. The department boasts of highly qualified faculties who perform research according to needs of the society and then teach the students. It promotes open source software development and its student's have been closely involved with such development projects. The students of the department have brought several laurels to this institute by actively participating and winning several technical competitions of international stature. Needless to mention, the placement record of the department have been nothing short of magnificent having students placed in renowned companies in India as well as out of India. The department has recently started Computer Society of India, College of Engineering, Pune student chapter with various technical activities.

ABOUT CSI COEP STUDENT CHAPTER

The Computer Society of India (CSI) student chapter of College of Engineering, Pune (COEP) was established in October 2018. It actively organizes several technical activities including workshops, competitions, technical symposiums, guest lectures, etc. The student chapter has over 250 members, and is run by a team of students and the Department of Computer Engineering and Information Technology. CSI COEP student chapter aims to provide students with an opportunity to grow in the field of IT. It has conducted various hands-on workshops on topics like Python Programming, Web scraping, GIT, etc. It recently held a coding competition named 'CodeQuest 2.0' for the students of COEP.
